

SHOWN ABOVE IS THE LARRY DUNN ORCHESTRA that will play for the Y-12 Spring Dance to be held Friday night, June 1, at the Oak Terrace ballroom. The vocalist is Miss Anita Barker.

First Annual Y-12 Spring Dance On June 1 At Oak Terrace Offers Lots Of Entertainment

Larry Dunn Orchestra, Anita Barker On Card

The jernt will be jumpin' when the air conditioned cats collect for a clambake come Friday night, June the Once.

Translated—the above gibberish means simply that the first annual Y-12 Spring Dance is to be held Friday night, June 1, at the air conditioned ball room of the Oak

Terrace and that numerous and sundry Y-12 fun-seekers, both masculine and feminine, will be expected to turn out in large numbers to enjoy the festivities. These aforesaid festivities get under way promptly at 9 p.m. and will continue without interruption until 1 a.m.

For the past several weeks now the Y-12 Recreation Office and the Y-12 Girls Club have been collaborating in arranging the

Ventriloquist Lockhart Also To Be Featured

Spring Dance. As a result, one of the best programs of entertainment and dancing ever enjoyed at a plant-wide Y-12 dance is expected.

In the first place the Larry Dunn orchestra of nine pieces has been obtained to play for the dancing. This aggregation of music makers play it hot, cool and rock 'n roll style—and might even be persuaded to throw in a waltz or so for the "Poor People of Paris," if any such should show up.

The Y-12 guests and their friends attending the Spring Dance are urged to really have their dancing shoes on for the affair—as the Dunn orchestra has announced it will play straight through with only one intermission of 30 minutes at 11:30 o'clock, taking time out only to allow a change of music on the stands.

Even that 30 minutes will be well occupied and patrons are given notice right now that to leave the big ball room at any time might result in missing a highlight of the entertainment.

During that intermission three fine door prizes will be given away to holders of lucky numbers on their ticket stubs. For instance, one of the prizes will be an electric frying pan—and the other two will be of the same fine calibre.

New Material Is Planned

Then one of the best variety acts ever presented at a Y-12 entertainment will be presented when E. B. Lockhart, of the General Machine Shop, will offer his ventriloquism act. Lockhart and his "partner," Slinky Lagoon, have been "laying" for this appearance for quite a while and have prepared a fresh line of patter and business to keep things moving during their few minutes on the stage.

That isn't all, however, in the way of entertainment. Miss Anita Barker, Miss Oak Ridge of 1954 and a talented singer and actress, will sing a collection of popular numbers to the music of Larry Dunn's orchestra. Miss Barker will leave shortly after the Y-12 Spring Dance to perform in a leading role of the outdoor drama "Chucky Jack" to be staged at Gatlinburg all summer.

Two Big Dances Annually

The Spring Dance of June 1 will be given as an annual affair in the future, giving Y-12ers two big affairs each year, the other being the annual Christmas Dance-Party staged during the Yule holidays. Each is intended as a social affair for all Y-12ers at which old acquaintances will not be forgotten and new friends made.

Tickets for the Spring Dance are selling for only \$1 each, including tax. There will be no advance table reservations but ample accommodations will be made to care for parties.

Tickets are on sale by Mavis Koons and Joanna Rowan in Bldg. 9212; Evelyn "Fiz" Tucker, Cafeteria; Carl W. Frazier, Sr., Bldg. 9201-4; Gib Hatmaker, Bldg. 9201-5; Lucille Hatmaker, Bldg. 9739; Mildred White, Bldg. 9723-11A; Virginia Boswell, Bldg. 9201-2; and at the Recreation Office, Room 221, Bldg. 9704-2.

Only Few Days Remain For Safety Lane Visit

Vehicle-Check Is Urged Of All Y-12 Motorists

Motor vehicle drivers who can't see, steer or stop safely are a traffic menace and have no business on public highways!

For this reason every Y-12 motorist who has not had a recent safety check on his automobile or truck is urged to immediately take advantage of the facilities offered at the Oak Ridge Safety Lane for a thorough safety inspection of the vehicle. Little more than a week remains for such checks, as the safety lane is scheduled to end its spring checking period at the end of May. The safety lane is on East Division Road and is open each day at noon except Saturday, when it opens at 10 a.m.

Many Points Are Checked

The safety lane inspection covers a long list of safety factors—brakes, lights, tires, wheel alignment, windshield wipers and other equipment that is vital to the safe operation of an automobile.

The current vehicle safety check program under way in Oak Ridge has as its objective the inspection of all the 11,000 automobiles and trucks in the city. Already this month more motorists have taken advantage of the free safety lane check than in any previous check period for several years.

Oak Ridge is participating in the National Vehicle Safety-Check Program for communities along with nine other Tennessee cities. They are Bristol, Cleveland, Dyersburg, Elizabethton, Humboldt, Johnson City, Kingsport, Lewisburg and Savannah. These cities are eligible for awards to be made by national co-sponsors—Inter-Industry Highway Safety Committee, Look Magazine and the National Safety Council.

Oak Ridge officials point out that although an award would be highly acceptable—it is the safety of the community that is most at stake in the program. So Y-12 motorists living in Oak Ridge can be performing a double service by visiting the safety lane—their own safety and showing community pride.

Playhouse Picks Five Plays For 1956-1957 Season

Five popular and successful plays have been selected by the Oak Ridge Community Playhouse for presentation during the 1956-1957 season, officials of the group have announced. They are "Seven Year Itch," "The Innocents," "The Little Foxes," "Much Ado About Nothing," and "Detective Story." The schedule of production will be announced later.

FOUR Y-12ERS ARE AMONG THE NEWLY INSTALLED OFFICERS of Oak Ridge Post No. 2, AMVETS, shown above. In front row, from left, are Lois Parker, adjutant; C. T. Jackson, first vice commander; E. N. Stewart, commander; and D. C. Hunt, Y-12 Research Services, judge advocate. In rear are D. L. Glover, Electrical Maintenance, finance officer; James R. Ainsworth, public relations officer; V. B. Williams, Electrical Maintenance, second vice commander; and C. G. Brewster, Medical, third vice commander. Officers absent when picture was made were John Hopwood, Colex Operations, service officer; Sam Long, provost marshal; and Charles Clark, chaplain.

Memorial Day Holiday Set For Y-12ers Next Wednesday

Another official Union Carbide Nuclear Company holiday will arrive next Wednesday, May 30, when Memorial Day will be observed. On this day no employees with the exception of those required for the continuous operation and protection of the Y-12 Plant will be required to work.

Memorial Day observance on May 30 first was inaugurated to pay tribute to the Northern dead of the War Between The States—but for many years has been recognized as the day to honor the United States dead of all wars. Graves of servicemen of all armed conflicts are decorated and American flags flown in their memories.

Y-12ers who have lost loved ones in service of their country will engage in these activities and join President Eisenhower in his

DELIVERY OF BULLETIN MAY BE ONE DAY LATE

Y-12ers living away from Oak Ridge probably will receive their issues of The Bulletin one day late next week because of the Memorial Day holiday on Wednesday, May 30. The day is a federal holiday and no mail deliveries will be made.

call for Memorial Day prayers for "an enduring peace founded on mercy and justice."

The next holiday for Y-12ers and another patriotic occasion will come on Wednesday, July 4, when Independence Day will be observed.

LYONS

The Company and all Y-12 employees join in expressing their sympathy to the families and friends of Allen L. Lyons and Wilbur R. Stooksbury, who were fatally injured in a plant accident at the Y-12 salvage yard May 14.

George B. Lyons, who was working with the deceased employees that day, still is hospitalized as the result of injuries he received in the same accident. Y-12ers wish him a speedy recovery.

STOOKSBURY

Early Applications For School Aid Urged

Approval Is Required For UCNC Assistance

Here's a timely suggestion from the Training Department to Y-12ers intending to seek aid under the Union Carbide Nuclear Company Educational Assistance Program for the summer quarter.

They should get their applications started through the required channels as soon as possible. Summer quarter courses in most educational institutions begin early in June, and it is necessary that applications receive required approval before Y-12ers can be eligible for the assistance offered under the program.

Training Coordinating Program

The Training Department is coordinating the program in the Y-12 Plant with L. M. Lawhorn aiding and giving information to applicants. The department is in Bldg. 9704-2, plant phone 7751.

To be eligible for aid under the UCNC Educational Assistance Program, Y-12ers must be salaried employees with at least six months of Company Service credit. The aid is not granted anyone receiving financial assistance from the government, such as the GI Bill provisions.

Course Must Relate To Work

Courses chosen by Y-12ers under the program must be shown to be beneficial to the employee in his present job or help prepare him for a different position in the Company. The course should be directly related to the fields of work carried on in the Y-12 Plant, but need not lead to a formal degree.

Applicants should first obtain verbal approval from their direct supervisors to ask for the assistance. When this is granted, the formal application is made through the Training Department. After an application blank is signed, it is sent back to the employee's Supervisor for approval of departmental and divisional superintendents. Final approval is given by the Y-12 Plant Superintendent.

Successful Completion Required

The financial aid provided in the program is 50 per cent of tuition, laboratory fees, supplies and books not to exceed \$50 per quarter or \$150 for a 12-month period. The expenses are paid on successful completion of approved courses.

During the spring quarter 46 Y-12ers received aid under the program at such educational institutions as the University of Tennessee, Oak Ridge Adult Education Program, International Correspondence School and the Dale Carnegie Courses.

AEP Summer Quarter Rolls Open June 4-15

Variety Of Courses
Offered During Period

Courses to be offered during the summer quarter of the Oak Ridge Adult Education Program were announced last week by A. C. Keller, director of the program and a former Y-12er. Registration for the summer quarter will be held June 4-15, inclusive, with classes opening on June 11 at the Oak Ridge High School.

The summer quarter program is divided into three parts. Night school classes will cover miscellaneous courses, day school classes will feature business training and University of Tennessee classes will include university credit courses.

The night school courses are widely varied. Business classes include business English, shorthand, stenography and typing, filing and indexing and office machines. High school classes in English, history and mathematics are offered as is a course in welding. Dancing courses include beginning in American and Latin-American intermediate American and Latin-American, advanced American and mambo and advanced dancing.

The popular classes in automobile driving also will be included in the program.

Day School classes also include business courses in shorthand, typing, business correspondence, business mathematics, office machines and filing and indexing.

University of Tennessee courses to be offered are English 111E, English 213aE, Engineering Drawing 141E and Engineering Problems 123A.

Complete information on the courses offered, schedule of classes and fees may be obtained from the Adult Education Program, Oak Ridge High School, Oak Ridge phone 5-6316.

10 Years Service

Congratulations to the following Y-12 employees who will complete 10 years of Company Service within the next few days:

Lena W. Newsome, Chemical, May 25.
Ralph A. Wheat, Colex Operations, May 27.
Elmer Killion, Research Services, May 28.

POPULAR PORK DISHES ON Y-12 SPECIAL LUNCHES

Fine "high on the hawg" eatin' will be provided patrons of the 50-cent Special Lunches at the Y-12 Cafeteria tomorrow, Thursday, May 24, and next Tuesday, May 29. The entree for tomorrow will be grilled ham with pineapple sauce while on next Tuesday barbecued pork on toasted bun with cole slaw will be featured. The Special Lunches also will include one vegetable, choice of salad or dessert and rolls and butter.

Mr. and Mrs. C. W. Henderson

HENDERSON—WIREY

Of interest to Y-12 friends of the father of the bride was the marriage on April 29 in Edinburg, Ind., of Miss Marilyn Janell Wirey and Charles W. Henderson. Miss Wirey is the daughter of Prentice D. Wirey, General Machine Shop; and Mrs. Dorothy Hurst, Edinburg.

The wedding was solemnized at 2:30 p.m. in the Edinburg Methodist Church, the Rev. William G. Holler reading the double ring ceremony. Attending the bride were Mrs. Thomas Abbott, matron of honor; and Mrs. Joseph Brown and Miss Beverly Boegholtz, bridesmaids.

James E. Henderson acted as best man and ushers were Jack Owens, George Stillabower, Phillip Henderson, and Joseph Hurst.

Parents of the groom are Mr. and Mrs. Widdess Henderson, Franklin, Ind.

Given in marriage by her father, the bride wore a gown of white Chantilly lace and satin. She carried a white Bible topped with an orchid.

A reception was held at the church after the ceremony, after which the couple took a wedding trip through the Southwest. They now are living in Edinburg.

Get well wishes are sent to the following Y-12ers who were patients last week in the Oak Ridge Hospital:

E. L. Bentley, Safety; L. R. Hall, Research Services; G. W. Brewer, General Machine Shop; N. B. Foust and L. M. Adams, General Utilities; H. A. Miller, Tool Department; E. M. Williams, Planning and Estimating; L. R. Nelson, E Mechanical Operations; E. E. Duncan, Chemical; J. J. Gibson, Mechanical; D. W. Hester, F. N. Leonard and W. L. Blackford, B Mechanical Operations; W. R. Ellison, Electrical Engineering; Johnson Hagood, Beta Two; C. J. Bowers, Colex Operations; G. R. Myers, Special Salvage; J. E. Harding, Mechanical Operations Division; R. J. Luck, Beta Four.

Training Has Information On Oak Ridge House Sales

Leaflets giving full information on details of plans for sale of Oak Ridge housing units to private owners are available at the Y-12 Training Department, second floor, Bldg. 9704-2, for prospective buyers living outside Oak Ridge. The leaflets already have been mailed to Oak Ridge residents. The information is being published by the Housing and Home Finance Agency's Oak Ridge field office.

More vision—less collisions.

Comrades of the Colyum—The Old Conductor just slipped out his shears and snipped a petty larceny pun to start things off. Here 'tis—

"Have you heard about the cowboy in a Western television show whose horse stopped suddenly?"

"Injun trouble."

ALLOY

News as assembled from Col-ex Operations—Mary Jo Otten is vacationing in Hannibal, Mo., made famous by Mark Twain and a lousy popular song . . . Sympathy is extended to C. L. Brownning, whose grandfather died a few days ago . . . Also to H. Davis over the death of his father-in-law.

Alpha Four is envious of that nice coat of tan being sported by Dave Masters after a week spent in St. Petersburg, Fla. . . . Joe Milligan is resting up at home this week . . . R. R. Duff spent a few days in Pineville, Ky., and K. F. Sester is doing likewise in nearby Corbin . . . Lots of fishing done on C Shift's recent long break—Eddie Stair caught 20 nice bass at Center Hill . . . Lots of bragging (but no evidence) from J. D. Conatser at Jamestown, Tenn., and Bill Rains and Al Melton at unreported hideaways . . . L. S. Hall is spending two weeks on military training leave as is A. W. Sharp . . . More vacationers going places—K. H. Hamby has taken off for North Carolina . . . J. B. Phillips is doing his sun bathing right at home in Oak Ridge . . . Leroy Thornton has been talked into taking a boat cruise on Watts Bar Lake . . . M. T. Little is down at Corinth, Miss., doing some farming, they say.

TECHNICAL

Fred Harmon, Project Engineering, is projecting around building a carport while vacationing.

W. T. Jones, Chemical and Industrial Engineering, is an industrious feller—he's working around his Sweetwater home while vacationing.

Mechanical Engineering reports Leo Brown and his folks are meandering out in Hutchison, Kan., visiting his relatives . . . Tom Keane has been closer to home at Kings-ton.

Cleo Sideris, Health Physics, has been visiting a sister and her family at Indianapolis, Ind., while vacationing.

Doris Brogan, Production Assay, flew out to St. Looney over the past weekend . . . E. H. Helton is taking it easy over in Asheville on vacation . . . Elizabeth Johnson and her husband, Clarence Johnson, of Safety are off on a two-week jaunt after a few days at home—ultimate destination, points in Mississippi to visit her folks . . .

Janice Childress is back from her one-week vacation at Miami.

CHEMICAL

The Chemical Department's stay-at-home vacationers for this week are M. G. Cook in Knoxville, E. D. Lay at Rockwood and C. E. Lowe—just fishing around Knoxville . . . Getting-away-from-it-allyers are R. D. Holsted on a visit to relatives in St. Louis . . . W. R. Price going up to Ohio to visit his brother and other kin-folks . . . Lena Newsome is taking off for Baltimore to visit her daughter . . . W. R. MacClellan will fish Kentucky Lake trying to catch the big 'uns that got away from him last year . . . Condolences to R. W. Edmonds, whose brother died last week . . . Likewise to Max Burkhalter, who went to Rome, Ga., to attend the funeral of an aunt a few days ago . . . The department welcomes C. V. Hardin back after a week's illness and also Hazel Lemons, who has been ailing for a couple of weeks.

Bessie Phillips, Product Processing, is going to Great Lakes Naval Training Station to see her son-in-law . . . Eva Lowe is visiting historical places in Virginia, Washington and Baltimore . . . Ted Hyde is over in North Carolina . . . M. B. Potter is putting in a couple of weeks training with the Air Force Reserve in Atlanta . . . A. L. Jones is moving into his new home in West Haven while vacationing . . . Spence Wallace is planning a trip to Chattanooga . . . R. M. Mustin had his son home on leave from the Army to help him enjoy a rest . . . Get-well wishes to Margaret Hickey and Paul Pennington . . . It's fine to have Eleanor Duke back after an illness of several weeks . . . A royal welcome for newcomers Dean Reed and Jim Mullanex was spread last week.

INDUSTRIAL RELATIONS

Cap'n Emmet Moore of the Fire Department came up with the dog-gonest fish bait formula recently—says it's good for catfish and consists of rotting minnows, two-day-old sour milk and Limburger cheese. He vowed he was going to try it out last weekend and in a moment of weakness the Colyum Conductor asked him to report results—hastening to add now he'd better be decontaminated before doing so . . . Get-well wishes are sent J. E. Warren, ill in Oak Ridge Hospital.

Harlan Wright, matchmaker and general factotum around the Recreation Department, is vacationing for a week over around Jamestown and plans to do some angling at Dale Hollow . . . Pinch hitter de luxe Ralph Pearson is in the box during Wright's week of leisure.

Floyd Shook, Safety, is in Whit-

Miss Evelyn Kite

KITE—BELL

The engagement and approaching marriage of Miss Jewel Evelyn Kite, of the SS Control Department of Y-12, to Donald Edmond Bell, of the Mechanical Department, has been announced by parents of the bride-elect. The wedding will take place at 3 o'clock Saturday afternoon, June 16, at the Oak Ridge Central Baptist Church, with the Rev. Kenneth Combs, pastor, officiating.

Miss Kite is the daughter of Mr. and Mrs. R. K. Kite, 5704 Wall-wood Drive, Knoxville. Mr. and Mrs. Carl Bell, 124 East Revere Circle, Oak Ridge, are parents of the groom-elect.

Both Miss Kite and Bell are graduates of Oak Ridge High School.

ing, Ind., visiting his daughter what has the daughter—the granddaughter that's worshiped by the Oak Ridge Shooks . . . Ernie Bentley went to Oak Ridge Hospital last week for minor surgery.

The Guard Department extends sympathy to M. L. Cooper, whose father died recently.

Get well wishes are sent Audrey Jones, Personnel Services, on the sick list.

Wynetta Patterson, Cafeteria, and her husband, D. H. Patterson, Guards, visited her mother in Cincinnati, Ohio, over a recent weekend . . . James H. Davis visited his mother in Elberton, Ga., while vacationing . . . Nancy Gassaway is vacationing in Lenoir City.

Eddie McCoy of the Janitorial staff is spending a pleasant vacation at her home in Clinton with her husband, Tom McCoy, of Buildings and Grounds.

MECHANICAL OPERATIONS

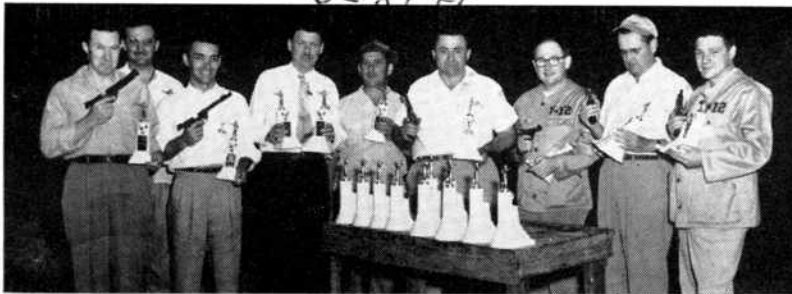

The General Machine Shop sends rapid recovery wishes to Mrs. J. H. Brown—she's ill in Ft. Sanders Hospital in Knoxville. Also to J. P. Dillard and G. W. Brewer . . . L. P. Vines divided his vacation at home and then visited a brother in Clanton, Ala. . . . R. C. Winfrey called in for another week of vacation—fish must be biting where he is . . . George Stines is wetting his fishing lines in North Carolina . . . L. C. Bell is down in Huntsville, Ala. . . . Keith Patrick is holed up in Lenoir City . . . George Ferrell has his mother and father from Philadelphia as visitors . . . That traffic jam down around Rockwood a few days back was caused by F. L. Newton, who was having a whale of a time landing a whale of a catfish out of Caney Creek—the critter weighed 33¼ pounds and put up a 25-minute fight.

Mechanical Operations Division reports latest news from John Harding is that he is doing nicely after his operation . . . However, no reports at all on that bid of H. D. Keyton for to be mayor of Midtown . . . Ernest Kennedy and spouse, Edna, of Insurance, moved

HERE ARE SOME OF THE GUESTS at a birthday party given for Mrs. Louise Haydon, of the Y-12 Medical Department, by friends recently at the Veterans of Foreign Wars Club. Seated are Peggy Hardin, Paul Haydon, Louise Haydon and Lucy Hatmaker, all of Y-12. Standing are Harold Cornett, Jo Ann Cornett, Bruce Crabtree, Wanda Livesey, Y-12; Don Gragg, Bucky Marler, Y-12; Mrs. Mack Cruze, Mack Cruze, Y-12; Yolanda Martinez and Buddy Gragg, Y-12.

THE Y-12 PLANT REPRESENTATIVE PISTOL AND RIFLE teams squads are shown above. At left is the group that won the Oak Ridge Sportsmen's Association Winter League pistol competition. From left are A. V. Bible, W. B. Davis, R. L. Vanderpool, J. C. Ezell, W. H. Bender, T. J. Bush, D. R. Alford, O. C. Beatty and C. G. Brewster. The riflemen, who took

second place in their league, are shown at right. They are W. B. Davis, P. H. Williams, J. W. Rule, R. L. Vanderpool, J. V. Ledbetter and C. G. Brewster. Absent when the picture of the riflemen was made were S. E. Adams and M. W. McGuffin. Plant League pistol competition for Y-12ers will begin next Tuesday, May 29, at the Association's outdoor range.

Winners In Biggest Fish Rodeo Listed

**53 Entries Received;
Fine Prizes Awarded**

The two-month-long fishing rodeo for all Y-12ers that closed at midnight Sunday, May 13, was the largest ever held for Y-12 anglers, drawing a total of 53 entries. Fine first and second place prizes of two-burner gasoline stoves and gasoline lanterns were awarded the 16 anglers with the largest and next largest fish in each of the eight species eligible in the rodeo.

If team scores were kept on the 16 prize winners the Colex Operations anglers would be leaders as five fishermen from that department won awards to three from the General Machine Shop.

Prize winners who have not already picked up their awards are asked to call at the Recreation Office, Room 221, Bldg. 9704-2 and pick up their articles.

Complete results of the rodeo follow:

Largemouth Bass—G. W. Ballew, Colex Operations, seven pounds, 12 ounces. Robert B. Smith, Receiving, seven pounds.

Smallmouth Bass—B. A. Murr, Production Inspection, six pounds. A. G. Harper, Colex Operations, four pounds, three ounces.

Striped Bass—Ralph Taylor, B Mechanical Operations, two pounds, four ounces. Edward Owings, SS Control, one pound, six ounces.

Walleye Pike—T. E. McCarroll, Research Services, six pounds, seven ounces. P. D. Wirey, General Machine Shop, four pounds, three ounces.

Sauger Pike—Elmer Green, Buildings and Grounds, two pounds, five ounces. Emmett Moore, Fire Department, two pounds, four ounces.

Cropper—Walter A. Sherrod, General Machine Shop, three pounds. H. M. Monday, General Machine Shop, two pounds, three ounces.

Bream—J. B. Wright, Colex Operations, 12 ounces. W. E. Davis, Security, 10 ounces.

Trout—T. E. Hillard, Reproduction, one pound, 13½ inches long. T. S. Higgins, one pound, 12 inches long. (In case of equal weight, first prize is awarded on length of fish.)

Second Half Of Softball Season To Open May 28 With Realignment Of Teams Seen

**Early Birds Near National League Crown;
49ers, Wildcats in Hot American Loop Race**

The first half of the season in the two Y-12 Plant softball leagues is slated to end this week with the playing of some rained out games at Pinewood Park. Because of shift schedules, the games for the week are being scheduled on a day to day basis with managers being notified by the Recreation Department as to the program.

The second half of the season is scheduled to get underway next Monday, May 28. A realignment of teams is expected to be made before the start of the second half schedule.

The Early Birds apparently have just about wrapped up the National League crown for the first half of the season, coming through games of last Thursday night with a six won and one lost record. In the American League after games of last Thursday it was a nip and tuck race between the 49ers and Wildcats with a Friday night game between the previously unbeaten teams settling the issue.

The 49ers added a pair of victories to their string in the seven-day period ending last Thursday night, beating the B Bombers by 7 to 2 and whitewashing the Bums by 6 to 0. Ed Sise pitched two tight games for the winners, allowing the blasting Bombers only four hits and handcuffing the Bums with only two. Dodson hit a homer to aid the 49ers against the Bombers as the victors broke open a tight battle in the final inning with four runs.

In the National League one of

the wildest pairs of exhibitions seen this season—or any other season—were staged by the Early Birds and the Slow Pokes. In the initial encounter of the pair the Birds smothered the Pokes with home runs and other varieties of base hits for an overwhelming 31 to 7 triumph. Bowman and Kosier got two round-trippers each and Huston one for the winners in this engagement and Clemons added one for the Slow Pokes.

"Believe It Or Not"

After this one, Mr. Believe It Or Not Ripley entered the picture and in the second of the astounding clashes the Slow Pokes rose up with a vengeance and slapped the loop leaders for a 23 to 6 decision. Holcombe bashed Bird pitching for three for four hits, including a homer and Jenkins chimed in with a four-bagger. Kosier and Bowman banged the ball out of the park for the Birds.

The Bombers, last year's Y-12 champions, got an even break for the week by beating the Rebels by 6 to 4, aided by a homer off the bat of Boucher. Churchfield hit one for the Rebels. The Bombers got away winging and although the Rebels picked away at Gib Hatmaker's offerings, they couldn't quite catch up.

The Lions took a 12 to 8 victory over the Bums in the other game of the period, coming from behind with a six-run fifth inning.

Standings and results through last Thursday night follow:

STANDINGS ON MAY 18

Batteries: Early Birds, Bullard, Murphy, Bowman, Kosier and Bowman. Slow Pokes, Clemons, Hall and Slaughter.

CARL BREWSTER, Medical, is loaded—with trophies, that is—for his rifle and pistol shooting for Y-12 teams and in plant leagues. The plaque he is holding is a rotating award for winning the recent Ninth Annual Smallbore Rifle Tournament in Oak Ridge. The trophies, from left are for first place in the iron sight firing, being member of the winning Y-12 Plant League pistol team, also the Y-12 Plant League rifle team, and for posting high score in the expert class of the tournament.

Rifle Tournament Is Won By Y-12er

Carl G. Brewster, of the Y-12 Medical Department and a member of the plant rifle team for the past three years, won the recent Ninth Annual Atomic City smallbore rifle tournament held at the Oak Ridge Sportsmen's Association range.

Brewster took the iron sight (regular sight without telescopic) championship with a score of 1584 out of a possible 1600 on the first day of the two-day tournament. For this feat he won a trophy offered by the Sportsmen's Service and Supply Co.

On the following day he fired a score of 1577 for a two-day aggregate of 3161 with his closest opponent 15 points behind.

The Y-12er also won the International Match with a 1586 total. The Sutton Sporting Goods trophy was presented the winner, Brewster being the first Oak Ridge rifleman to capture the award.

In addition he won the West End Packard trophy for posting the highest score in the expert rifleman class, also being the first Oak Ridge to win this prize.

Brewster was a member of the winning teams in both the Y-12 Plant Pistol and Rifle Leagues and was voted the best sportsman in both leagues.

Ping Pong Ladder Play Is Completed

The Carbine table tennis ladder play has been concluded with two Y-12ers finishing well up in the standings. J. B. Peters came in fourth with a record of eight wins and three losses and Red Brewer was sixth with a five and six record. D. K. Holmes, Oak Ridge National Laboratory, finished in first place with a record of 11 victories and no defeats.

THIS WHOPPER of a largemouth bass flipped his last fin in Ft. Loudoun Lake at Concord recently before he was pulled to boat by Robert B. Smith, Receiving. The fish was taken on a Shakespeare pulp bait on a line of the same make. The lunker took second prize in the recent Y-12 Fishing Rodeo and will be a strong contender in the Annual Y-12 Fishing Contest lasting until December 31. Entry blanks may be obtained from the Y-12 Recreation Department, Room 221, Bldg. 9704-2.

Ridge Loop Leaders Beaten On Links

The Smith-Bartholomew duo threw a four-point victory over the loop leading Orrison-Saylor team in the Y-12 Plant Golf League at the Oak Ridge Golf and Country Club last week. The Hines-Emlet team, with Palo O'Neal subbing for Emlet, also took the second place Harris-Gillen outfit down a bit by winning three and one-half points. Other results found Ratjen-Snyder taking a similar win over Holzknecht-Peckman and deadlocks of three points each posted by Boyd and Oliphant against Mitchel and Tibbatts and Patterson-Peterson splitting with McLendon-Underwood.

O'Neal's 36 scratch score was tops for the day as was George Oliphant's 34 handicap. The best five scratch and handicap scores were Oliphant 43-34, O'Neal 36-35, Mitchel 41-35, Smith 44-35 and Gillen 39-36.

League standing follows:

Team	W	L
Orrison-Saylor	21	9
Harris-Gillen	20½	9½
Smith-Bartholomew	19	11
Holzknecht-Peckman	17½	12½
Boyd-Oliphant	15	15
Hines-Emlet	13½	16½
Ratjen-Snyder	13	17
Patterson-Peterson	12½	17½
Mitchel-Tibbatts	9	21
McLendon-Underwood	9	21

Tennis, Horseshoe Players Are Paged

With the summer sports program started off well with softball and golf, the Y-12 Recreation Department now is ready to help tennis players and horseshoe pitchers get organized for these sports. At the bottom of this page is a blank for players of these sports to fill out and send to the Recreation Department, indicating their interest. Organization of leagues or ladder competition will be arranged according to the response to the ballot. Both men and women Y-12ers are urged to fill out the blank as play can be arranged in both horseshoes and tennis for masculine or feminine players in brackets of their own or in mixed competition.

The deadline for entries for play in the two sports will be at noon on Tuesday, June 5.

Last year two successful tennis ladders were operated, one for women alone and another for men. Horseshoe pitching also drew a number of competitors in a league.

One way to save face is to keep the lower end of it buttoned up.

TO Y-12 RECREATION OFFICE Room 221, Bldg. 9704-2

I am interested in helping to organize and play in a Y-12 Plant League or ladder competition for—

Chemicals Company Will Expand Seadrift

Millions of pounds of additional chemicals for industry will be made available this fall on completion of a new ethylene oxide facility at Carbide and Carbon Chemicals Company's Seadrift, Tex., plant.

The expansion, announced by H. B. McClure, President of the Company, will bring Seadrift's total capacity for ethylene oxide to 200,000,000 pounds a year.

The Chemicals Company pioneered the development of ethylene oxide and has introduced more than 100 derivatives of the chemical in commercial quantities. Ethylene oxide is the source of ethylene glycol, primary ingredient in permanent-type antifreezes. Other derivatives of ethylene oxide are used in the textile and tobacco industries, and as dehumidifiers in air conditioning systems.

Production of ethylene oxide and the glycols from this expansion, together with the output of Carbide's plants at South Charleston and Institute, W. Va.; Whiting, Ind.; Texas City, Tex., and from the new plant at Torrance, Cal., will provide a supply adequate to meet expected market demands for some time.

Hall-Whitehorn Top Rockwood Loop

The Hall-Whitehorn team took over first place in the Y-12 Plant Golf League at Rockwood last week from the Pletz-Roy Roberts pair. This league now has had five rounds of play with good scores being posted.

League standing follows:

Team	W	L
Hall-Whitehorn	10 1/2	4 1/2
Pletz-R. Roberts	10	5
Tiller-E. Roberts Jr.	9	6
S. Brown-Patton	8 1/2	6 1/2
Mays-E. Roberts Sr.	7 1/2	7 1/2
Anderson-McMillan	6	9
Mee-Owings	5	10
C. Brown-True	3 1/2	11 1/2

A Shift Sets Bingo Party, Fishing Rodeo For Members

Y-12ers on the A Shift have announced a bingo party and one-day fishing rodeo for its members within the next few days, according to Tom Hamrick, Production Analysis, chairman of the A Shift Recreation Committee.

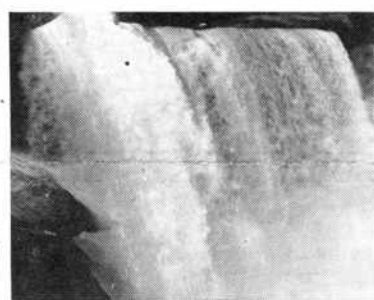

The bingo party will be for all A Shift personnel, members of their families and friends and will be held tomorrow night, Thursday, May 24. The party will be given at the Veterans of Foreign Wars home, beginning at 8 o'clock. The fishing rodeo is set for Tuesday, June 5, on Ft. Loudoun Lake. More information on this event will be announced in The Bulletin next week.

Oak Ridge Nursery School Registration Is Now Open

Registration for the summer term of the Oak Ridge Nursery School now is underway at the school, located at Grove Center, with the term scheduled to open early in June. The school is for

A 'TOM THUMB WEDDING' picture featuring the son of Y-12 Fire Chief W. O. Elam, and snapped by the chief, took first prize in the Y-12 Photographic Contest for the week ending May 9. In the picture, young David Elam is the "father of the bride" preparing to give her in marriage in the "ceremony" at Heiskell school. The "bride" is Judy Deaton.

CUMBERLAND FALLS, KY., can almost be heard roaring in this picture by Paul C. Ziemke, Mechanical Inspection, second prize winner in the Y-12 Photographic Contest for the week ending May 9.

Pistol Loop Opens Firing Next Tuesday

The Y-12 Plant Pistol League will open its summer season next Tuesday night, May 29, at the Oak Ridge Sportsmen's Association range. Firing will begin at 6:15 p.m. with the Marksmen meeting the Experts and the Sharpshooters firing against the Masters.

Any Y-12er interested in target shooting and wanting to fire with one of the league teams is urged to report at the range on the Turnpike west of the city limits next Tuesday night. Scoring is done on a handicap basis as well as scratch, giving newcomers an equal opportunity to compete. Anyone wishing to borrow a target pistol may do so from a league member owning one.

pre-kindergarten youngsters ranging from two and one-half years to five years old. The school has an average attendance of from 50 to 60 children.

Parents may register their youngsters for a three-day week or a full five-day week, according to Mrs. Thelma Garrett, director. The school has a well-equipped outdoor playground that is competently supervised and also offers quiet indoor games for the youngsters. School hours are from 8:30 a.m. to 11:30 a.m.

Giving advice isn't as risky as some claim. Few persons ever take it, anyway.

Alloy Maintenance extends sympathy to **R. E. Symons**, whose father died recently.

SHIFT SUPERINTENDENTS AND GENERAL UTILITIES
K. E. Nuchols, General Utilities, is working around his house while vacationing.

B Shift Superintendent S. F. Creigh is visiting old haunting grounds in West Virginia and Kentucky while vacationing—seeing old Carbide friends.

One of the Colyum's favorite yarn spinners, **Bennett Cerf**, tells this one on hefty **Herman Hickman**, the old Tennessee footballer and Yale coach.

Seems as how a doctor advised **Hoiman**, when he tipped the scales at more than 300 pounds, to play 36 holes a day. So **Hoiman** bought a harmonica.

NSA Elects Nelle Cromer, Admits Two Y-12 Members

Nelle Cromer, secretary to J. Clyde Bowles of the Y-12 Mechanical Inspection Department, was elected treasurer of the Oak Ridge Chapter of the National Secretaries Association for the coming year at the May 14 meeting of the organization. The chapter also admitted two new members from the Y-12 Plant; Geneva Carter, secretary for Jack M. Case, superintendent of the Mechanical Operations Division; and Joanna Ruth Rowan, secretary to George Mitchel and John M. Reece, of the Mechanical Operations Division.

The chapter reelected LaWanda Estes, K-25, as president; Yvonne Lovely, Oak Ridge National Laboratory, vice president; Annalynn Estes, K-25, recording secretary; Jewel Hayes, ORNL in Y-12; and Mary Kennedy, K-25, board members.

Knoxville Golfers In Four-Way Tie

The Y-12 Plant Golf League at Whittle Springs for Knoxville golfers found four teams tied for first place at the end of its first week of play. A total of 15 teams are entered in this circuit, the biggest of the three plant leagues operated for Y-12 golfers in Knoxville, Oak Ridge and Rockwood.

League standing follows:

Team	W	L
Speas-Heins	3	0
Huskisson-Wilburn	3	0
Morgan-Miller	3	0
Ludwig-Wyllie	3	0
Stroud-Simmons	2	1
Berrier-Herrell	2	1
Countiss-Bowles	1 1/2	1 1/2
Hill-Hilton	1 1/2	1 1/2
Lovell-Case	1	2
Barrasso-Cook	1	2
Schappel-Wakefield	0	3
Kovach-Bremen	0	3
Lockhart-Peterson	0	3
Sherrad-Arrowood	0	3
Sawyer-Burrus	0	0
